About Dante Investment

Founded in 2018, Dante Investment was born from a simple but powerful vision: to make investment accessible to all ambitious project leaders, whether they are seasoned entrepreneurs or young innovators.

Our founder, Jean Dante, brought together a team of experts passionate about entrepreneurship and economic development. Together, we have built a company that does not just finance projects, but accompanies its partners towards success.

Today, with over 120 funded projects and €500,000 invested, we are proud to have become a reference player in the Francophone entrepreneurial ecosystem.
